**Continuation of Substance of Interview including description of the general nature of what was discussed:**

Mike Musella questioned the requirement in the previous Office Action for documentation stressing his opinion, that the oath was in proper condition and that no further documentation was need. Mike Musella, citing MPEP 1412.04 specifically "Reissue as a Vehicle for Correcting Inventorship", second paragraph, stressed that only the assignee signature was required and that the oath was in proper condition.

After reviewing the MPEP, I informed Mike Musella that I agreed with him and that no further documentation was required and that the oath was in proper condition. Further I informed Mike Musella that this interview would be considered as a proper response to the previous Office Action, since the only issue pending, in that action was related to the oath.
